Description

A lovely example of the Eversure fuel 'fillacan' made in the 1950's to early 1960's.

This can holds one gallon and has an integral carrying handle that doubles as a fuel filling spout which can never be lost!

The design enables you to fill up your car easily without any spillages and would be a perfect addition to a 1950's – 1960's classic car.

BMC originally equipped their works rally cars with the two gallon fillacans!

£30 plus carriage.
