Description Ralt RT31 for sale with nice history, including an appearance at Monaco with Didier Artzet. This car has a very straight chassis and is in excellent condition having been used for display in recent years. It has been recommissioned and is complete and running and fitted with a VW engine in monoposto specification. It could easily be put back to true F3 specification with the appropriate engine. Comes with spare bodywork, wheels and ratios. An ideal car in its current spec for Monoposto, Sprint or Hillclimb. Please contact info@pamotorsport.com
